The Summary of Benefits and Coverage (SBC) document will help you choose a health plan. The SBC shows you how you and the plan would share the cost for covered health care services. NOTE: Information about the cost of this plan (called the premium) will be provided separately.
This is only a summary. For more information about your coverage, or to get a copy of the complete terms of coverage, Call 1-888-301-0747 or visit us at www.groupplansolutions.com. For general definitions of common terms, such as allowed amount, balance billing, coinsurance, copayment, deductible, provider, or other underlined terms see the Glossary. You can view the Glossary at https://www.healthcare.gov/sbc-glossary/ or call 1-888-301-0747 to request a copy.

Important Questions	Answers	Why This Matters:
What is the overall deductible?	For Network Providers (Preferred Providers): **$750/Individual, $2,250/ family.** For Out- of-Network Providers (Non-Preferred Providers): **$1,500/Individual**, **$4,500/family.** No one person will be responsible for more than the individual deductible amount.	Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay for covered services you use. If you have other family members on the plan, each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible. See the chart starting on page 2 for how much you pay for covered services after you meet the deductible.
Are there services covered before you meet your deductible?	Yes. Preventative Care, prescription drugs, office visits/ manipulative therapy and services billed at these visits are covered before you meet your deductible.	This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services at a network provider without cost sharing and before you meet your deductible. See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/.
Are there other deductibles for specific services?	No, there are no other specific deductibles.	You don't have to meet other specific deductibles for specific services, but see the chart starting on page 2 for other costs for services this plan covers.
What is the out-of-pocket limit for this plan?	For Network Providers (Preferred Providers): **$4,000/ Individual $8,000/ family.** For Out- of-Network Providers Non-Preferred Providers): **$8,000/ Individual, $16,000/family.** No one person will be responsible for more than the individual deductible amount.	The out-of-pocket limit is the most you could pay in a year for your share of the cost of covered services. If you have other family members in this plan, they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met. This limit helps you plan for health care expenses.

What is not included in the out-of-pocket limit?	Penalties for failure to preauthorize services, premiums, balance-billing charges, and health care this plan doesn't cover	Even though you pay these expenses, they don't count toward the out-of-pocket limit.
Will you pay less if you use a network provider?	Yes. For a list of participating providers, see www.groupplansolutions.com. Click "Member", then "Find a Provider." See your Plan ID card to choose the correct Network; call 888-301-0747.	This plan uses a provider network. You will pay less if you use a provider in the plan's network. You will pay the most if you use an out-of-network provider, and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing).Plans use the term in-network, preferred, or participating for providers in their network.. Be aware, your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services. See the chart starting on page 2 for how this plan pays different kinds of providers.
Do you need a referral to see a specialist?	No. You don't need a referral to see a specialist.	This plan will pay some or all of the costs to see a specialist for covered services. You can see the specialist you choose without a referral from this plan.

All **copayment** and **coinsurance** costs shown in this chart are after your **deductible** has been met, if a **deductible** applies.

About these Coverage Examples:

This is not a cost estimator. Treatments shown are just examples of how this plan might cover medical care. Your actual costs will be different depending on the actual care you receive, the prices your providers charge, and many other factors. Focus on the cost sharing amounts (deductibles, copayments and coinsurance) and excluded services under the plan. Use this information to compare the portion of costs you might pay under different health plans. Please note these coverage examples are based on self-only coverage.
